

Impact Components is comprised of divisions catering to Semiconductor supply, LCD Integration & Motherboard solutions.  
For 25 years our superior logistics and engineering support have helped to optimize customer supply chain needs and produce custom display solutions

## LCD & DISPLAY PRODUCTS

Small Format LCD Modules, including high resolution, wide temperature & industrial life cycle. 1.2"~15.6" sizes available

## MEMORY & STORAGE

Consumer and industrial grade flash memory products. SSD's, Ram Modules & SD cards.  
[www.adata.com](http://www.adata.com)

Leading supplier of DRAM, SSD and other flash based products, based in North America, with a customer first culture.  
[www.edgememory.com](http://www.edgememory.com)

World class memory solutions utilizing teir-1 components to build high reliability flash memory products.  
[www.avanttechnology.com](http://www.avanttechnology.com)

An international player in the flash memory storage market, with state of the art facilities in Taiwan.

## Modems & Wireless Communication

IOT hardware and communication solutions for smart connected devices, delivering applications to the edge.  
[www.multitech.com](http://www.multitech.com)

Antenna provider of choice for module vendors and systems integrators of M2M, IOT and Embedded Electronics systems.  
[www.antennova.com](http://www.antennova.com)

GPS/GNSS and cellular IOT solutions provider, and manufacturer of the smallest GPS/GNSS modules in the world.  
[www.origingps.com](http://www.origingps.com)

Global leader of M2M communication devices supporting 5G, C-V2X, LPWA, LTE-A, LTE, WCDMA/HSPA(+) & GSM/GPSR.  
[www.simcom.com](http://www.simcom.com)

IOT sensor based solutions for monitoring remote application deployment and implementation globally.  
[www.digi.com](http://www.digi.com)

Excellence in antenna systems, industrial IOT devices and test and measurement solutions for the connected world.
